

SIDS Risk Reduction & Infant Safe Sleep Educational Workshop

**Presented by Ohio Department of Health and
Baby 1st Network (formerly SID Network of Ohio)**

We hope to see you at one of our three statewide training workshops that will be held at the end of April and beginning of May in Middleburg Heights and Columbus. Learn from the experts about the impact of SIDS and SUID; risk factors and racial disparities; recommendations for infant safe sleep and SIDS risk reduction; role of the hospital nurse educator; and role of the home visitor. You will also hear a personal story from a SUID parent and learn about the impact an infant death has on families. Please check your calendars and register today.

The agendas can be found on the back of this flyer and registration forms are included. After you have completed the registration form, you may email it to carolyn.stroud@baby1stnetwork.org or fax it to (330) 929-0593. You will receive an email confirmation along with directions to the workshop so be sure to include your email address.

The Ohio Department of Health (OH-011, 4/1/2019) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. The activity has been approved for 3.0 CNEs.

An application has been submitted for 3 CPE clock hours for Counselors, Social Workers and Marriage and Family Therapists.

April 30, 2018

Southwest General Hospital

12:30 – 3:45

Ohio Department of Health and Baby 1st Network
SIDS Risk Reduction and Infant Safe Sleep Educational Workshop

Agenda

Registration – takes place during the 30 minutes prior to the workshop

Role of the Baby 1st Network

Impact of SIDS and SUID in Ohio and across the Nation

- *How many babies die from SIDS and sleep related infant death in the state of Ohio?
- *How is the state responding to lowering the risk of sleep related infant deaths?

Risk Factors and Racial Disparities

- *What is SIDS/SUID?
- *Risk factors for SIDS and sleep related infant deaths.
- *Racial disparities that exist in overall infant mortality, SIDS and sleep related infant death.
- *Why African Americans have higher SIDS rates and efforts to reduce the disparities.

Recommendations for Infant Safe Sleep and SIDS Risk Reduction

- *Ways to reduce the risk
- *Safe to Sleep Campaign
- *American Academy of Pediatrics recommendations for safe sleep

Role of Hospital Nurse Educator

- *Research regarding the impact of modeling safe sleep behavior by hospital staff.
- *Recent Ohio law regarding hospital responsibilities for safe sleep education.
- *Mandatory screening and referral for safe sleep space.

Role of Home Visitor

- *Contact the family as soon as possible
- *Home visit when appropriate
- *Emphasis on bereavement support, not investigation
- *Review the Report of Family Contact

Impact of Infant Deaths on Families

- *SIDS parent personal story
- *Grief responses and reactions
- *Support from other family members and friends
- *Community reaction
